

TUESDAYS AT 2

PRESENTED BY TIAA

Do you have general financial questions? Have questions on saving or investing? Get the answers you need!

Putting your Money to work: how to optimize your Oregon plans to create a healthy retirement.

Join us as we ask a panelist of experts how to maximize not only the benefits of your Oregon retirement plans but also the support you can receive from TIAA.

We will ask questions such as:

- What are the different ways you can participate in the retirement plans?
- How do I schedule a one-on-one session and what can I expect?
- What are the tools and resources I can use to get on track?

In addition to an entertaining discussion about retirement, there will be snacks and giveaways for all those who attend.
