Reminder about hiring graduate students

- For any NEW Spring Term Graduate Assistant appointments that have not already been submitted, please enter your appointments in Benny Hire ASAP (prior to 2/14/23) to ensure offer letters are being provided at least 30 days prior to the start of employment.
 - In addition to maintaining CGE compliance, this also helps to limit delays in new hire paperwork, Criminal History Checks & Motor Vehicle History Checks (if required), pay, enrollment in benefits, and applying of tuition remission.
- Spring Term Review is scheduled to open on 2/20/23. Once open, an email reminder will be sent out to department liaisons who process Graduate Assistant appointments.
- Please reach out to hr.gradassistants@oregonstate.edu with any additional questions regarding Graduate Assistant (GTA & GRA) and Hourly Graduate appointments.

Exit Survey – Employee Terminations

- The Exit Survey tool was implemented in June 2022
- In most cases, jobs are terminated but employees remain active in Banner
- Full utilization of the tool requires timely terminations
- HR Service Delivery (HRSD) Off-Boarding should help in notification of terminations to UHR
- If you know of an employee leaving OSU, you can reach out to me at Michael.Mandzuk@oregonstate.edu

OSU Search Advocate Program

- **Purpose** – trained process advocate/facilitators serve on search committees to enhance equity, validity, and inclusive excellence
- **Initial Training** – Four 4-hour remote sessions:

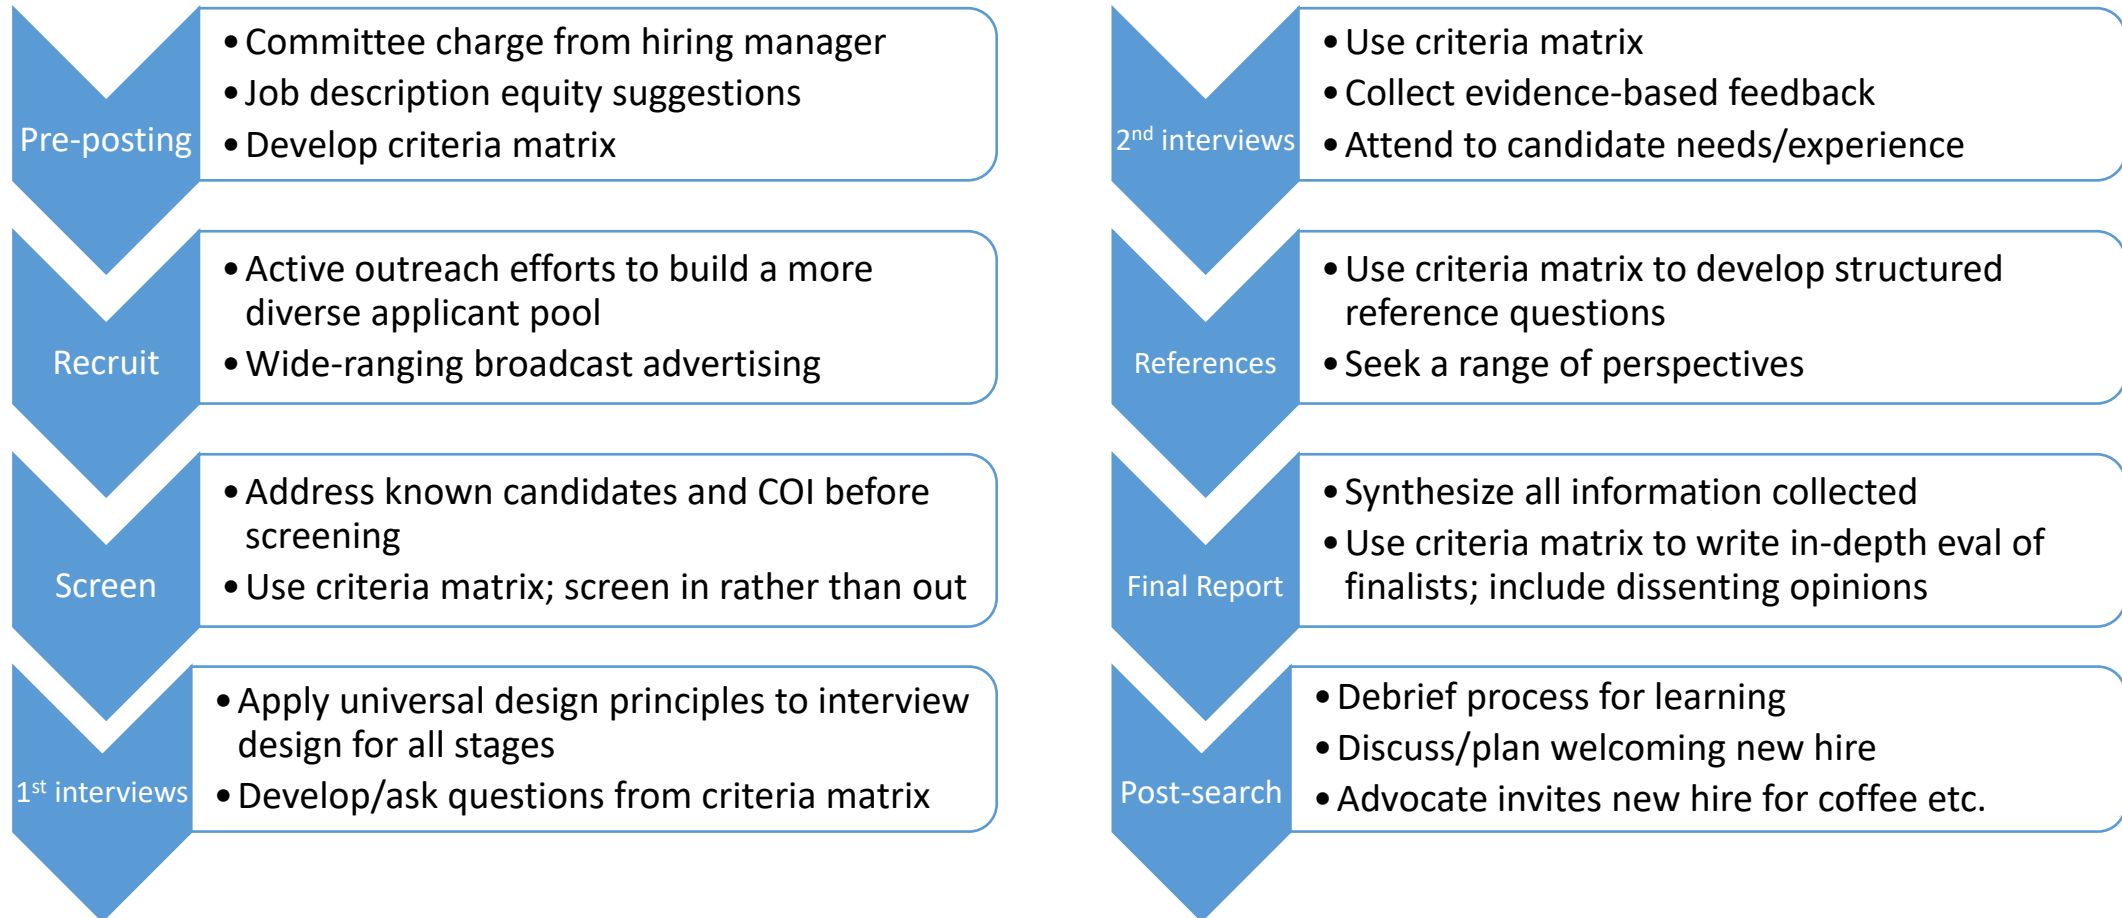

- Clarify search advocate role
- Develop each person's "advocate lens"
- Establish facilitative (rather than directive) approach and practices
- Make *strategic* recommendations
- Use and share key tools/resources

Continuing Education – periodic professional development every 12-24 months to maintain eligibility – enhances equity awareness and builds alignment with search advocate program recommendations

Advocate & committee work *together* at all stages

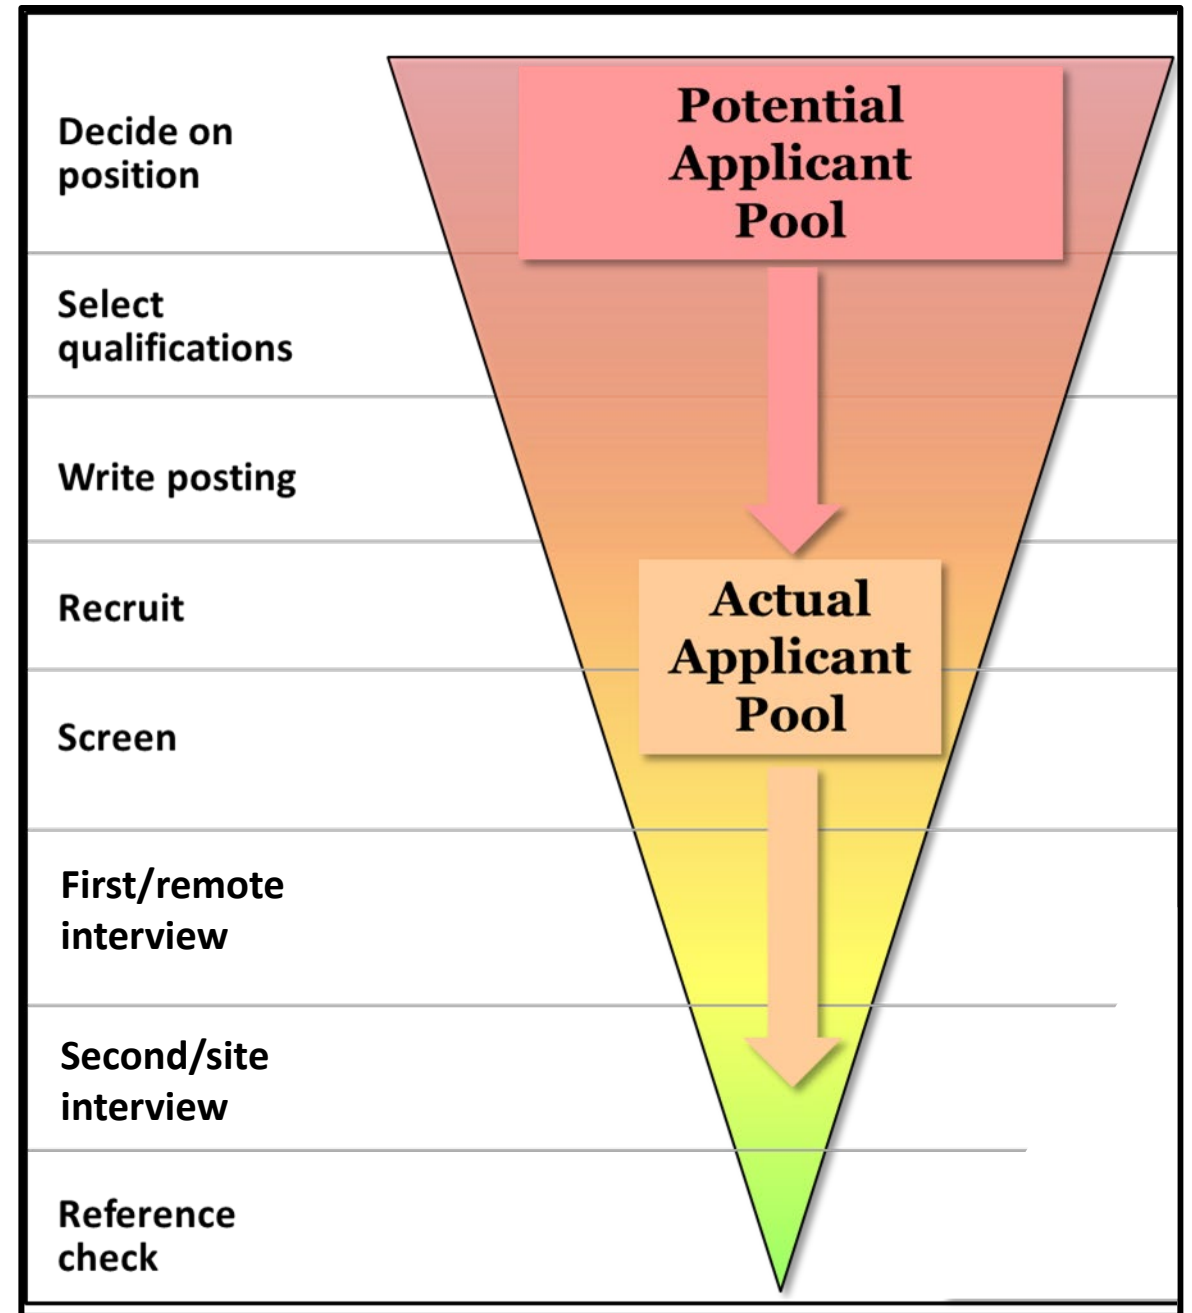

Why involve the SA and committee so early?

- People who *could* do the job are screened out by decisions before the job is ever posted, such as
 - Overly narrow qualifications
 - Exclusive or uninviting language
 - Limited recruiting strategies

Opening the door wider lets us consider a greater number of differently-qualified candidates

Current program status

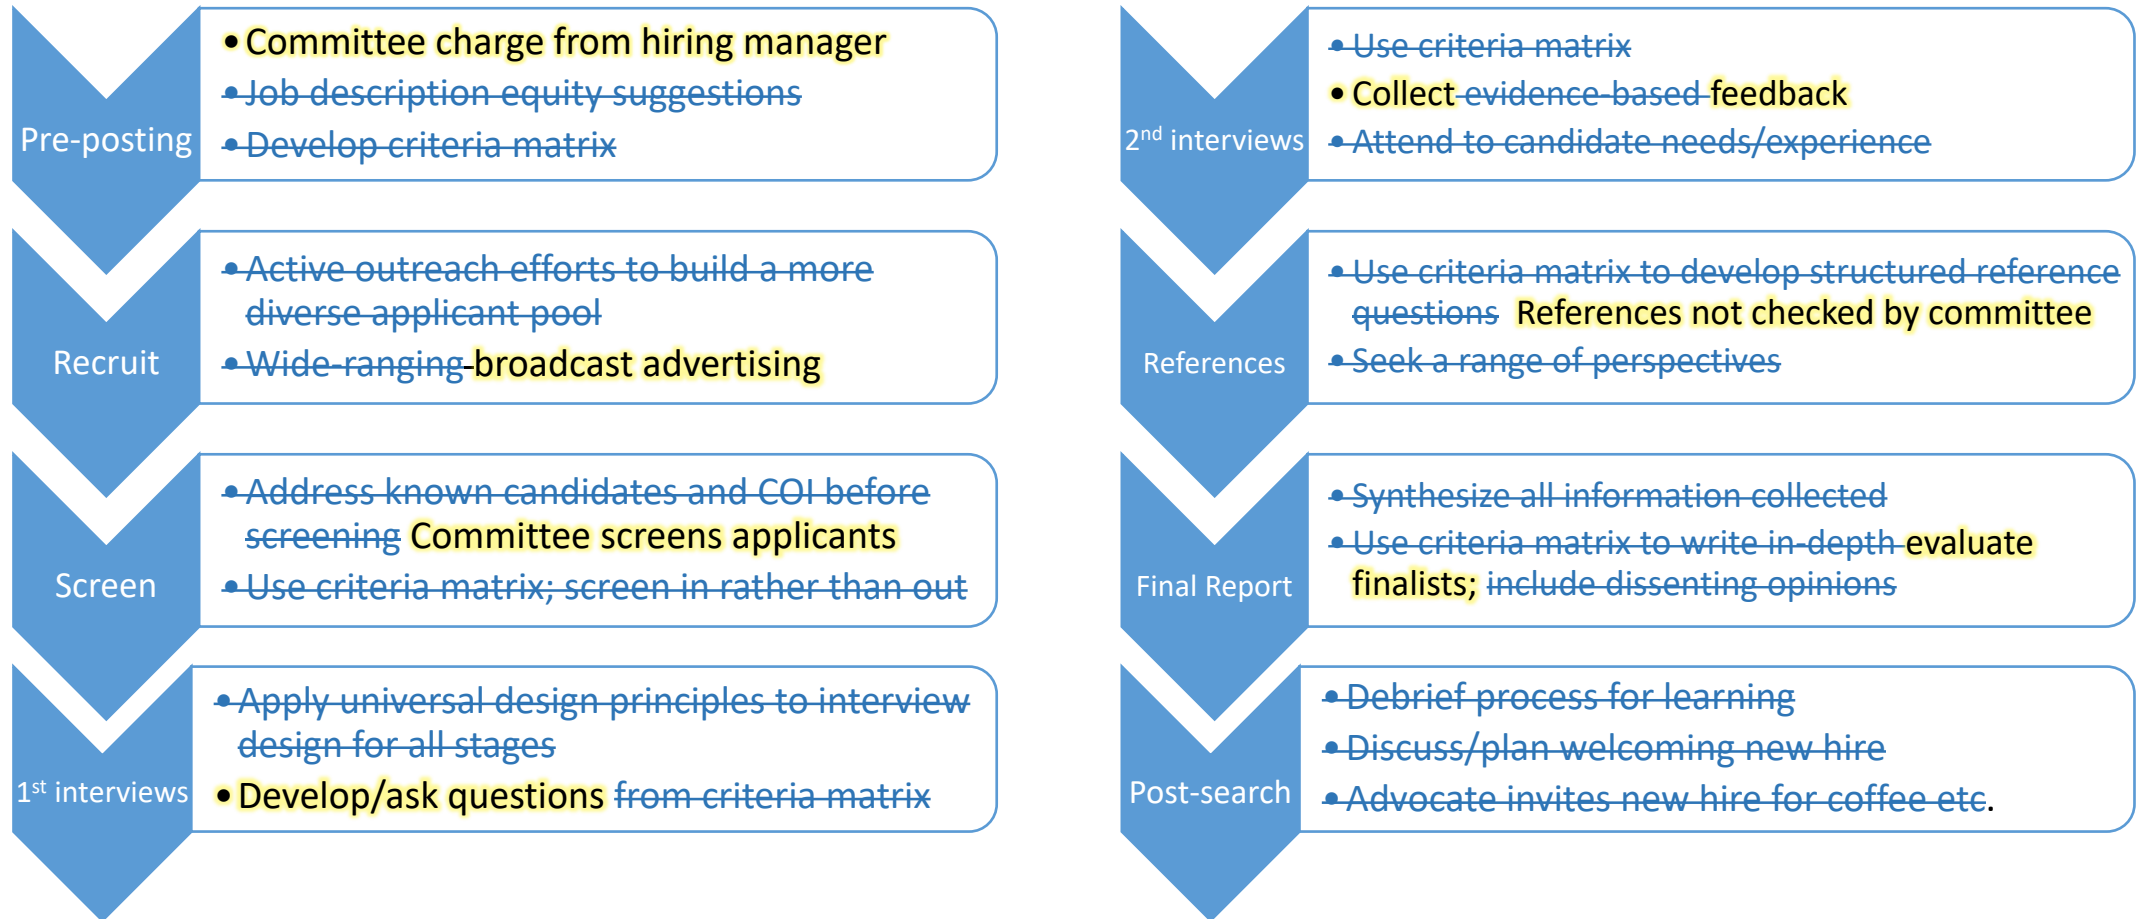

- OSU is recognized as *the* national leader in search advocacy, BUT we do not yet have an institutional policy; therefore SA practices are used inconsistently and sometimes not at all
- What searches currently use search advocates?
 - All executive/leadership searches
 - 10 of 11 academic colleges use search advocates for tenure-track searches
 - Extension & Engagement requires full search advocate model for all searches
 - OSU Cascades requires search advocates on every search
 - Most colleges and divisions encourage (or require) search advocates for other employment categories besides tenure-track faculty

The risk of no SA or incomplete use of model

~~Steps that MAY be lost~~

Steps that MAY still occur

Overall, we have much to be proud of

- OSU leads the country in search advocate program development
- Our “usual” search practices have improved across the board
- Committees express appreciation for advocates’ contributions
- Advocates find the role is rewarding, (if occasionally frustrating) and enjoy serving in other departments
- To learn about becoming a search advocate:
