A better experience from the start, in 3 easy steps

We guide you through each step of joining Kaiser Permanente, so you can start getting the care you need in no time.

Ready to get started? Visit kp.org/newmember.

**Step 1: Register on kp.org**
Download the Kaiser Permanente app or sign in to kp.org/newmember and start using time-saving features right away.¹

**Step 2: Get prescriptions**
It’s easy to switch your prescriptions to Kaiser Permanente. Visit kp.org/newmember for step-by-step help, or just give us a call.

**Step 3: Choose your care team**
We believe your story, background, and values are important pieces of your health history.² So we offer a wide range of doctors to match your needs, including high-quality LGBTQ+ health care services that are recognized for adopting inclusive policies and practices.³ Visit kp.org/locations to find a doctor or facility near you, and see how patients rate our doctors at kp.org/doctorreviews/nw.

If you already have a personal doctor (also called a primary care provider), check kp.org to see if they are a part of the Kaiser Permanente network.

You can also choose from a wide range of Kaiser Permanente doctors and affiliated providers in the Eugene-Springfield area.

• To learn more about your Kaiser Permanente and PeaceHealth primary care provider options,⁴,⁵ visit kp.org/chooseyourdoctor or call the New Member Welcome Desk at 1-888-491-1124 (TTY 711).

Once you’ve decided on a doctor, we can help you schedule your first appointment with a Kaiser Permanente doctor or connect you to a PeaceHealth patient coordinator who can help with scheduling.
New member care transition

Our goal is to help determine your unique needs and connect you with the right doctors, specialists, and prescription medications to effectively manage your care transition. This new member process allows us to help manage the administrative tasks so your first interactions with our doctors are more useful.

Types of medical needs our New Member Welcome Desk can help with:

- **COMMON NEEDS**
  - Choose a doctor.
  - Schedule a routine appointment.
  - Transfer prescriptions.
  
  Also available 24/7 for self-service at kp.org.

- **PARENT AND CHILD NEEDS**
  - Select a pediatrician or family practice doctor.
  - Transfer records and health history.
  - Transfer prescriptions.
  - Schedule vaccinations.

- **SPECIALTY CARE NEEDS**
  - Connect with specialists such as oncologists, neurologists, and dermatologists.
  - Connect with mental health professionals.
  - Choose an ob-gyn and pediatrician.
  - Determine durable medical equipment needs.

- **COMPLEX MEDICAL NEEDS**
  - Connect with specialty care for conditions such as cancer, renal disease, pre-/post-surgery, and transplants.
  - Connect with a pharmacy for specialty prescriptions.

When to call our New Member Welcome Desk:

Help is available at **1-888-491-1124 (TTY 711)**, Monday through Friday, 8 a.m. to 6 p.m.

- If you are working with a health care professional to manage your medical conditions or achieve your health goals
- If you recently had surgery or are scheduled for an upcoming surgery
- If you are currently taking any prescriptions or using any medical equipment
- If you are on a treatment plan that you would like to continue at Kaiser Permanente
- If you are currently pregnant

If you have any other questions or want help getting started, give us a call. We’re here to help.
Quality care with you at the center

Kaiser Permanente’s physician-led care teams work together to help keep you healthy by delivering high-quality, personalized care.

Great care from great doctors

Our doctors come from top medical schools, and many of them teach at world-renowned universities. No matter which personal doctor you choose, you’ll be in highly skilled, experienced hands — and your health is their main concern.

As your biggest health advocate, your doctor will help coordinate your care journey, and you’ll work closely together to make decisions about your health.

Care with a connected team

Your doctor, nurses, and care team are connected to each other, and to you, through your electronic health record. So they know important things about you and your health — like when you’re due for a screening and what medications you’re taking. That way, you get personalized care that’s right for you.

Safe medical facilities and additional care options

We’re taking precautions in all of our facilities to keep members, staff, and communities safe. This includes enhanced cleaning and disinfecting procedures. Additionally, we offer expanded telehealth options — offering our members care from the comfort of their homes.

Personalized care for all members

Care at Kaiser Permanente isn’t one-size-fits-all. We believe your story, background, and values are as important as your health history. To help deliver care that’s sensitive to your culture, ethnicity, and lifestyle, we:

• Strive to hire doctors and staff who speak more than one language
• Offer telephone interpretation services in more than 150 languages
• Train our care teams on how to connect with and care for people of diverse backgrounds
• Improved health outcomes among diverse populations for conditions like high blood pressure, diabetes, and colon cancer6
Great care, great results

From preventive screenings that keep you healthy to top-notch care if you get sick, we’ve got you covered.

Preventive care to keep you healthy

Preventive care is key to how we practice medicine. It can help you avoid some health issues and catch others before they become serious.

Your electronic health record plays a vital role. It tracks your preventive care services and sends reminders when you’re due for your next screening. We’ll let you know when to come in so you’re free to focus on living your life.

Support for ongoing conditions

If you have a condition like diabetes or heart disease, you’re automatically enrolled in a disease management program for personal coaching and support. With a well-rounded approach backed by proven best practices and advanced technology, we’ll help you get the care you need to continue living life to the fullest.

A leader in clinical quality

In 2019, Kaiser Permanente led the nation as the top performer in 26 effectiveness-of-care measures – the most of any health plan. These measures include:

• Prevention and screening
• Cardiovascular care
• Comprehensive diabetes care
• Mental health

High-quality specialty care

Preventive care can help keep you healthy, but we’re also here for you if you get sick or need specialty care.

From high-quality maternity care to treatment for cancer, heart problems, and more, you get skilled doctors and evidence-based care – combined to help you recover quickly.

As a Kaiser Permanente member, you have access to more than 650 affiliated providers at 150 locations in the Eugene-Springfield area.

Terms to know

Not sure what a deductible is? Confused about copays? You’re not alone. Health care can be tough to navigate – so we’re here to help. Get to know common health care terms with our deductible plan glossary.

**Coinsurance**
A percentage of cost that you pay for services. For example, if you have 20% coinsurance and get a procedure that costs $100, you’ll pay $20.

**Copay**
A set amount you pay for covered services. For example, when you check in at your doctor’s office, the receptionist might say you owe a $10 copay for that visit.

**Deductible**
The amount you pay for certain services each year before Kaiser Permanente starts paying. You’ll pay the full cost for these services until you reach your deductible. After that, you’ll pay a copay or coinsurance until you reach your out-of-pocket maximum.

**Dependent**
A member whose relationship to a subscriber is the basis for membership eligibility and who meets the eligibility requirements as a dependent. A dependent can be a spouse, domestic partner, or child.

**Evidence of Coverage (EOC)**
A detailed description of your benefits, costs, exclusions, and plan guidelines. After signing into kp.org, you can find this document under “My Documents.”

**Explanation of Benefits (EOB)**
A summary of the care you received and what your health plan covers. You’ll receive it after a visit, but it’s not a bill. You can use it to see how close you are to reaching your deductible and out-of-pocket maximum.

**Flexible spending account (FSA)**
An account that lets you put aside tax-free money to help pay for qualified health care expenses. Most FSAs have a “use it or lose it” policy and won’t roll over any unused money at the end of the year. And if you change jobs or retire, you lose any unused money in your account.

**Health record number**
A unique lifetime number issued to each member. Medical records are accumulated and maintained, and member information is maintained under this number.

**Health reimbursement arrangement (HRA)**
An account your employer puts money in to help you pay for health care. The money isn’t considered part of your wages, so you don’t need to pay taxes on it.

**Health savings account (HSA)**
An account that lets you put aside tax-free money to help pay for qualified medical expenses. You can keep the money if you change jobs or retire, and your account can earn interest.

**Open enrollment**
The period, usually annual, during which employees and their covered family members can choose to make changes among any health plans offered by their employer, and employees can add family members to or delete family members from their coverage without a qualifying event.

**Out-of-pocket maximum**
The most you’ll pay for covered services each year.

**Preventive care**
A defined set of services designed to help catch health problems before they get serious – services like mammograms, blood pressure screenings, and cholesterol tests. Getting preventive care when you’re healthy can help you stay that way.
