Types of care

Anything can come up when you travel, and different health needs require different types of care. Here are some common examples, which don’t include all possible symptoms and conditions.

What is emergency care?
Emergency care is care for an emergency medical condition.*

Examples include:
• Chest pain or pressure
• Severe stomach pain that comes on suddenly
• Severe shortness of breath
• Decrease in or loss of consciousness

What is urgent care?
Urgent care is for a condition that requires prompt medical attention, usually within 24 or 48 hours, but is not an emergency medical condition.

Examples include:
• Minor injuries and cuts
• Backaches and earaches
• Upper-respiratory symptoms
• Sore throats
• Frequent or severe coughs
• Frequent urination or a burning sensation when urinating

What is routine care?
Routine care is for an expected care need, like a scheduled visit to your doctor or a recommended preventive screening or immunizations.

Examples include:
• Physical exams
• Adult and well-child checkups
• Pap tests
• Follow-up visits

Routine services aren’t covered outside Kaiser Permanente areas, so make sure to get them before your trip.

Kaiser Permanente service areas include all or parts of:

Outside Kaiser Permanente areas

How do I get emergency care in the U.S.?

If you or a family member who is enrolled in Kaiser Permanente coverage has a medical emergency, get care right away. You don’t have to let Kaiser Permanente know or get approval first. Here’s what to do:

- Call 911 or go to the nearest hospital. Always use the emergency services available where you are.
- Once your condition is stable, call Kaiser Permanente to let us know you’ve received emergency care or been admitted to a hospital. See page 9 for phone numbers for reporting an emergency (or post-stabilization care). If appropriate, the doctor treating you can call instead.
- When you call Kaiser Permanente, we’ll talk to the doctor treating you to discuss your condition, health plan coverage information, and help decide what to do next.

What if I still need care after my emergency condition has been stabilized?

If you’ve been hospitalized, the doctor treating you may decide you still need care after your condition has been stabilized.

This is called post-stabilization care. You’ll need to get approval from Kaiser Permanente for this kind of care to be covered under your Kaiser Permanente plan.

- Call us as soon as you can, preferably before you get care. See page 9 for phone numbers for reporting an emergency (or post-stabilization care). Getting approval helps protect you from financial responsibility because we may not cover services we don’t approve first.
- If we agree you need post-stabilization care, we may authorize the doctor treating you to give you this care. Or we may choose a different provider who can provide the right care for your condition.
- Ask the doctor treating you if Kaiser Permanente has approved your care, including any transportation. In addition to post-stabilization care, you’ll need to get any related transportation approved. When medically necessary transportation is needed for your care (as determined by Kaiser Permanente), we will arrange these services for you.

Post-stabilization follow-up care is generally not covered, unless we authorize it or it’s considered urgent. This includes any follow-up care you need after an emergency or urgent care visit, like removing stitches or a cast. Call us before you get follow-up care to check whether it’s covered.

1 For specific timing considerations, please refer to your Evidence of Coverage or other coverage documents.
2 Kaiser Permanente Georgia health plan does not cover transportation services for nonurgent, nonemergency care from outside the service area; and any request for transportation is subject to review.
U.S. travel (continued)

How do I report emergency care?
Call to let Kaiser Permanente know you’ve been admitted to a hospital with an emergency condition, or to ask for approval for post-stabilization care.1 See page 9 for phone numbers for reporting an emergency (or post-stabilization care).

What if I’m not sure what kind of care I need?
If you’re not sure what kind of care you need, and you have a secure login and password, you can use kp.org to send a nonurgent message to your primary care physician. You’ll get a response usually within 2 business days.

How do I get urgent care in the U.S.?
If you need urgent care while in a Kaiser Permanente service area, you can visit a Kaiser Permanente urgent care clinic location. Find urgent care locations by visiting kp.org/locations or calling the Away from Home Travel Line at 951-268-3900 (TTY 711).2 If you need urgent care in a state without Kaiser Permanente providers, go to the nearest MinuteClinic® or urgent care facility.3

For care at a MinuteClinic, you’ll be charged your standard cost share. Be sure to bring your Kaiser Permanente ID card and method of payment. Walk-ins welcome, no appointment needed.

For care at an urgent care or retail clinic location other than a MinuteClinic, you’ll be asked to pay upfront for services you receive and will need to file a claim for reimbursement.

Note: If you get urgent care at a MinuteClinic within a state with Kaiser Permanente providers, you’ll be asked to pay upfront for services you receive and will need to file a claim for reimbursement.3

How do I submit a claim?
If you paid for emergency or urgent care while away from home, you’ll need to file a claim for reimbursement.

The following information is required for all requests for reimbursement:

- Itemized bills (should include date of service, services received, and cost of each item)
- Medical records (copies of original medical reports, admission notes, emergency room records, and/or consultation reports)
- Proof of payment (receipts or bank or credit card statements)

For help with filing a claim for reimbursement, visit kp.org/travel or call the Away from Home Travel Line at 951-268-3900.

1 For specific timing considerations, please refer to your Evidence of Coverage or other coverage documents.

2 This number can be dialed from both inside and outside the United States. Before the phone number, dial “001” for landlines and “+1” for mobile lines if you’re outside the country. Long-distance charges may apply and we can’t accept collect calls. The phone line is closed on major holidays (New Year’s Day, Easter, Memorial Day, July Fourth, Labor Day, Thanksgiving, and Christmas). It closes early the day before a holiday at 10 p.m. Pacific time (PT), and it reopens the day after a holiday at 4 a.m. PT.

3 Some Kaiser Permanente Insurance Company PPO and POS plans include MinuteClinic as in-network while others do not. Please check your Certificate of Insurance to see if MinuteClinic is included as an in-network provider.
International travel

How do I get emergency or urgent care outside the U.S.?
If you or a family member who is enrolled in Kaiser Permanente coverage has an emergency or urgent medical situation, get care right away. You don’t have to let Kaiser Permanente know or get approval first. Here’s what to do:

• Immediately go to the nearest hospital or any facility that can give you the care you need. Kaiser Permanente won’t be able to help manage your care until your emergency or urgent care need is under control or is being managed by a doctor.
• If you get emergency care, call Kaiser Permanente when your condition is stable to let us know you’ve been treated for an emergency or admitted to a hospital. See page 9 for phone numbers for reporting an emergency (or post-stabilization care). If appropriate, the doctor treating you can call instead.
• When you call Kaiser Permanente, we’ll talk to the doctor treating you to discuss your condition, health plan coverage, and help you decide what to do next. We have interpreter services that allow us to talk to doctors who don’t speak English.

What if I still need care after my emergency condition has been stabilized?
If you’ve been hospitalized, the doctor treating you may decide you still need care after your condition has been stabilized. This is called post-stabilization care. You’ll need to get approval from Kaiser Permanente for this kind of care to be covered under your Kaiser Permanente plan.

• Call us as soon as you can, preferably before you get care. See page 9 for phone numbers for reporting an emergency (or post-stabilization care). Getting approval helps protect you from financial responsibility, since we may not cover services we don’t approve first.
• If we agree you need post-stabilization care, we may authorize the doctor treating you to give you this care. Or we may choose a different provider who can provide the right care for your condition.
• Ask the doctor treating you if Kaiser Permanente has approved your care, including any transportation. In addition to post-stabilization care, you’ll need to get any related transportation approved. When medically necessary transportation is needed for your care (as determined by Kaiser Permanente), we will arrange these services for you.3

---

1Kaiser Permanente may cover medically necessary urgent care you get when you’re temporarily outside the country – if it can’t be delayed until you get back home. Please refer to your Evidence of Coverage or other coverage documents for any restrictions.
2For specific timing considerations, please refer to your Evidence of Coverage or other coverage documents.
3Kaiser Permanente Georgia health plan does not cover transportation services for nonurgent, nonemergency care from outside the service area; and any request for transportation is subject to review.
International travel \textit{(continued)}

Outpatient follow-up care is generally not covered, unless we authorize it or it's considered urgent. This includes any follow-up care you need after an emergency or urgent care visit, like removing stitches or a cast. Call us before you get follow-up care to check whether it’s covered. See page 9 for phone numbers for reporting an emergency (or post-stabilization care).

\textbf{How do I report emergency care if I’m outside the U.S.??}

Call to let Kaiser Permanente know you’ve been admitted to a hospital with an emergency condition, or to ask for approval for post-stabilization care. See page 9 for phone numbers for reporting an emergency (or post-stabilization care).

Check with the local telephone service provider where you are if you need help calling internationally. International calls to this number aren’t toll-free, and you’ll be charged at local international rates.

You should always have a plan for calling Kaiser Permanente. Get ready before you leave. Find out if your cell phone service includes international calling, or get an international calling card.

\textbf{Is transportation covered?}

Kaiser Permanente covers emergency medical transportation to get you to the nearest hospital, or another facility if we decide it’s necessary. However, we can’t arrange this transportation for you during an emergency. You’ll need to work with emergency transportation providers wherever you are.

We generally don’t cover or arrange other transportation, unless we decide it’s needed to manage your care. In order to lessen your potential financial liability for noncovered travel-related services, you may want to consider getting extra travel insurance to cover services that aren’t covered by your Kaiser Permanente plan.

\textbf{How do I submit a claim?}

If you paid for emergency or urgent care while away from home, you’ll need to file a claim for reimbursement.\footnote{If a member receives emergency services in a country where the U.S. government has imposed sanctions, the member may have to pay for services and then submit a claim to Kaiser Permanente for reimbursement.}

In many countries, providers require payment before giving care. Costs can be high, so be ready to cover any unexpected costs. You may want to get extra travel insurance for your trip.

\textbf{The following information is required for all international claims:}

- Itemized bills (should include date of service, services received, and cost of each item)
- Medical records (copies of original medical reports, admission notes, emergency room records, and/or consultation reports)
- Proof of payment (receipts or bank or credit card statements)
- Proof of travel (copy of itinerary and/or airline tickets)
