Some medical homes offer real-time video visits with a doctor or registered nurse from your smart phone, tablet or computer. They may offer online capabilities, such as appointment scheduling and direct access to your test results and other medical information.

Choosing a medical home

Providence Choice or Connect health plans give you access to a network of medical homes in select Oregon and southwest Washington counties. Choose a medical home during enrollment using the medical home selection form. After enrollment a medical home can be selected online or by phone. And if you decide you need a change, just select a new medical home at any time. If you don’t select a medical home, one will be chosen for you.

Questions?
