Greetings from the HR Systems & Technology team!

Linda Sather

Since we tend to work behind the scenes, unless you work in a Business Center you are likely to never meet us in person. We'd like to take this opportunity to tell you a little about ourselves. From left to right:

Jennifer Short, HR Officer, has worked at OSU 13 years. Jennifer has been married 17 years and has 3 grown step-children and a recent grandbaby! She is the mama to an elderly Boston terrier, and for fun she enjoys camping, boating and gardening.

Linda Sather, Associate Director: prior to joining OSU's Office of Human Resources in 2010 Linda worked in the Registrar's Office first at OSU (1998-2006), and then at the University of Idaho. When not at work Linda is likely spending time with her husband, and their "furry kids", working on their house and yard. For fun they like to head out in their RV, ride bikes, or play a little golf.

Amanda Noble, HR Business Analyst, joined us in November 2014. Amanda worked as a Human Resources Consultant 1 in the University Administration Business Center for the last year. She relocated to Oregon in 2013 from working with Arizona State University and prefers the weather in Oregon. Amanda enjoys exploring the state and visiting the various destinations.

Linda VanArsdale, HR Technical Analyst, has rejoined OSU's Office of Human Resources after a 3 year 'sabbatical' spent remodeling the house. She and her husband have two big, friendly dogs and recently welcomed a very social cat to the family. She enjoys walking the pups, cycling through the countryside, and traditional archery.

Scott Campbell, HR Technical Analyst, has been at OSU 3 ½ years. Scott supports HR Access databases, is the HR Noli Administrator, and provides technical support for HRIS Banner.

Heather Howell, HR Technical Analyst, started with OSU in 1995 in COAS, then moved to a position in Central Payroll, and finally to Central HR in 2007. In Heather's spare time she enjoys the outdoors, reading and traveling.

Erin Culley, HR Business Analyst, has worked at OSU since 2010. Erin worked 10 months at the Arts & Sciences Business Center as a Human Resources Consultant 1 before joining us in Central HR. Erin works with Banner, OSCAR and other technology related systems. She enjoys assisting Business Centers with HRIS troubleshooting and training.
